P2S Helps Long Beach Stay Open for Business

P2S sustainable solutions for local schools, businesses and institutions keep Long Beach running. Our design, commissioning and construction management services maintain and improve facilities, so they can better serve the community. With every project, P2S works to strengthen our city's reputation as a global sustainability leader that's open for business. Congratulations to outgoing chair, Mitra Rogers, for her service this past year and to incoming chair, Carolyn Caldwell.

Celebrating 85 Years!

School and college employees from Long Beach Unified School District and Long Beach City College received a credit union charter for Long Beach School District Employees Federal Credit Union on September 13, 1935. Our credit union was originally chartered to provide affordable banking services to local school and college employees in the local area. We had many iterations of our name over the years until landing on LBS Financial Credit Union in the year 2000. Over 20 years ago we also opened our doors to the community, changing to a state charter, which enabled us to serve anyone who lives or works in the local area, in addition to our school and college employees and employees of select local businesses. Today, LBS Financial serves more than 140,000 Members living throughout Southern California and is in the top 250 largest credit unions by size, out of over 5,000 nationwide.

Voted as Best Credit Union for 11 years straight by Long Beach Press-Telegram & Grunion Gazette's readers and 9 years straight by Long Beach Beachcomber readers, LBS Financial continues to focus on connecting families, neighbors, and the community with paths to success. As a not-for-profit financial institution with a focus on our Members first, the Credit Union provides competitive loan and deposit rates, low fees, and convenient account access through 30,000 fee-free ATMs nationwide, 8 local branches, mobile, and online banking. LBS Financial is also one of the financially strongest credit unions in California and has been voted in the Top 200 Healthiest Credit Unions for the last 7 years by Depositaccounts.com.

The Port of Choice

We choose innovation, sustainability, leadership. Operational excellence and long-term vision make the Port of Long Beach the Port of Choice.

Port of
LONG BEACH
THE PORT OF CHOICE

ChildNet

ChildNet Youth and Family Services was founded in 1970 by a group of Long Beach civic leaders whose goal was to foster the social, emotional, and educational development of troubled and disadvantaged youth. It has since grown from a single youth home that served an average of 100 boys annually to an organization with seven locations covering five counties, serving upwards of 12,000 clients annually.

With a mission to provide safe homes, education, and counseling to vulnerable children and families, our program philosophy reinforces personal responsibility and emphasizes the need for a strong family unit. ChildNet has been very fortunate to have a board of directors that recognizes the vast and almost overwhelming need that exists in society today: the ups and downs of the economy and the rising crime rate that grows out of poverty and lack of opportunity for a good education and stable work environment.

In our attempt to establish programs that can alleviate these and other problems facing families today, our leadership created a Continuum of Care that enables our professional staff to support clients as they work toward developing a strong and stable family or making the successful transition to independent living, as the case may be.

Since the birth of our Continuum of Care, we have added Foster Family Network (FFN) in 1986; Behavioral Health Services (BHS) in 1999; Wraparound Support Services in 2006; and Adoption Services in 2009.

BHS is our largest program and includes a partnership with FFN to provide Intensive Services Foster Care (ITFC) in Los Angeles and San Bernardino counties.

ChildNet also provides Relative Home Assessment Services (RHAS) as well as Therapeutic Behavioral Services (TBS). Please click on the links to learn more about ChildNet's Continuum of Care programs and services. We firmly believe that every child deserves to live in a happy, safe and nurturing home. And every parent deserves the opportunity to have the support they need to provide a happy, safe and nurturing home for their children.

ChildNet is proud to be able to provide that support and see the results firsthand, over and over again. Please check out our testimonials. We have hundreds of heartwarming stories to tell.

Please return to our website regularly for news and events, as well as our newsletters that illustrate why ChildNet is the premier agency of its kind in all of Southern California. For members of the public who may have questions regarding safety or quality of client care at ChildNet, please contact the ChildNet Quality Assurance Director at (562) 498-5525, or write to ChildNet Youth and Family Services, Inc., P.O. Box 4550, Long Beach, CA 90804.

Members of the public may also contact The Joint Commission directly by calling (620) 792-5000, or electronically at <http://www.jointcommission.org>.
